My friend, Noel Podesta is a life member and 50 year member of the Victorian Homing Association. Unfortunately due to ill health he can no longer race his birds. I have known Noel since I was 14

years old and for many years we have been training partners. Many will know that he has been successfully racing the Lang Miller bloodlines since the 60's and over the past 4 decades has crossed the Euros into his stock. Call them what you like but I simply identify them as "Podesta's."

There are very few flyers in Melbourne who can claim 3 VHA 500 mile winners, a Produce and a National winner. In the National race Noel has won the following placings 1st, 2nd (beaten by decimals) 3rd & 5th.

In recent years, Noel kindly offered me two pigeons to breed stock birds. Subsequently that progeny have produced 1st Fed West Wyalong in 2022 & 1st Fed Narromine in 2024.

Approximately 100 birds will be on sale without pedigrees as this is no longer possible. More than 50 years of breeding has gone into this family of birds so for the beginner, or flyer struggling for that elusive winner this sale is a must. All you need is a keen eye for a pigeon.

Best wishes

Steve Brown

Victorian Homing Association
